Music Store Returns & Refund Policy

This policy governs returns, exchanges, and refunds for all purchases made thro covering both physical media (CDs, vinyl records) and digital track and album do applies to every Invoice recorded in our system, regardless of which country or s billing address is located in.

1. Physical Media Returns

Customers may return unopened physical media within 30 days of the invoice date for a full refund to the original payment method. Opened CDs or vinyl records are only eligible for return if the item is defective or was misrepresented at time of sale; in these cases the customer receives store credit rather than a cash refund.

2. Digital Track and Album Downloads

Digital purchases of individual tracks or full albums are non-refundable once the download has completed, since the product cannot be returned in a meaningful sense. The only exceptions are a confirmed duplicate charge on the same invoice, or a verified billing error, either of which must be reported to support within 7 days of the purchase date.

Music Store Returns & Refund Policy

3. Processing a Return

Any employee processing a return must look up the original Invoice by InvoiceId and confirm the CustomerId on the return request matches the CustomerId on the invoice before issuing any refund. Refunds are credited back to the original payment method within 5 to 7 business days of approval.

4. Promotional and Discounted Purchases

Items purchased during a promotional discount period follow the same 30-day return window as regular-priced items, but the refund amount is calculated from the UnitPrice actually paid on the InvoiceLine, not the standard list price of the Track or Album.

5. Repeat Return Requests

If a single CustomerId generates more than three return requests within a rolling 90-day window, the account is automatically flagged for manual review by a shift supervisor before any further refund is approved, in order to prevent return abuse.

Music Store Returns & Refund Policy

6. Genre and Media-Type Exceptions

Certain Genre categories — audiobooks and spoken-word tracks in particular — are treated as non-returnable once downloaded, similar to the digital-download rule above, because sampling before purchase is available via preview clips on the product page. Physical MediaType items (CD, vinyl) are not subject to this exception and follow the standard 30-day physical-media rule.

7. Contact for Disputes

Any customer who disputes a refund decision may escalate to a store manager by referencing their InvoiceId. Disputes are reviewed within 5 business days and the outcome is logged against the customer's account for future reference.
